7. Identify the term described by this statement: Colour, structure and decoration shape fabric appearance and function. **1**

(A) Hospitality management

(B) Textile design

(C) Fashion merchandising

(D) Food preservation

8. Identify the term described by this statement: Developmentally appropriate care and learning support young children. **1**

(A) Clinical nutrition

(B) Developmental appropriateness

(C) Early childhood education

(D) Public health nutrition

9. Which statement correctly describes Developmental appropriateness? **1**

(A) Learning experiences match children's development while recognising individual variation.

(B) Roles and learning develop through an occupational pathway over time.

(C) Developmentally appropriate care and learning support young children.

(D) Product planning and presentation connect apparel offerings with consumers.

10. Identify the term described by this statement: Food undergoes suitable physical, chemical or biological changes for use or preservation. **1**

(A) Clinical nutrition

(B) Hospitality management

(C) Development communication

(D) Food processing

11. Which statement correctly describes Consumer education? **1**

(A) Nutrition assessment and support are provided in a healthcare context.

(B) People develop knowledge and skills for informed choices and redressal.

(C) Services coordinate accommodation, food and guest experience.

(D) Product planning and presentation connect apparel offerings with consumers.

12. Identify the term described by this statement: Deterioration is slowed through appropriate methods. **1**

(A) Food preservation

(B) Fashion merchandising

(C) Food quality

(D) Hospitality management

13. Identify the term described by this statement: Services coordinate accommodation, food and guest experience. **1**

(A) Career

(B) Early childhood education

(C) Fashion merchandising

(D) Hospitality management

14. Which statement correctly describes Clinical nutrition? **1**

(A) Relevant characteristics include safety, composition and suitability.

(B) Learning and support connect specialised knowledge with communities.

(C) Nutrition assessment and support are provided in a healthcare context.

(D) Food undergoes suitable physical, chemical or biological changes for use or preservation.

Section B - Short responses

15. Compare Food quality and Food processing. Give the meaning and an appropriate application of each. **2**

16. Explain how the following example illustrates Livelihood: A household earns income through suitable work. **2**

17. Explain how the following example illustrates Food processing: Milk is transformed into a fermented product under controlled conditions. **2**

18. Compare Textile design and Livelihood. Give the meaning and an appropriate application of each. **2**

19. Explain how the following example illustrates Early childhood education: Play-based activities encourage language and exploration. **2**

20. Compare Clinical nutrition and Developmental appropriateness. Give the meaning and an appropriate application of each. **2**

21. Compare Institutional care and Public health nutrition. Give the meaning and an appropriate application of each. **2**

Section C - Short responses

22. Explain how the following example illustrates Public health nutrition: A community programme studies and addresses local nutrition problems. **3**

23. Explain how the following example illustrates Extension education: A programme demonstrates a useful practice and gathers local feedback. **3**

24. Compare Career and Livelihood. Give the meaning and an appropriate application of each. **3**

25. Explain how the following example illustrates Food quality: A producer checks whether a product meets stated standards. **3**

Section D - Short responses

26. Explain how the following example illustrates Food preservation: Drying or refrigeration changes conditions that favour spoilage. **4**

27. Compare Fashion merchandising and Extension education. Give the meaning and an appropriate application of each. **4**

28. Explain how the following example illustrates Consumer education: A workshop explains how to examine labels and use complaint channels. **4**

29. Compare Livelihood and Career. Give the meaning and an appropriate application of each. **4**

30. Explain how the following example illustrates Development communication: A campaign uses appropriate local messages to encourage a community initiative. **4**

Section E - Extended responses

31. (a) Explain Hospitality management and analyse this application: A facility plans roles and quality checks for visitors. **5**
(b) Explain Career and show how this second application fits it: A learner combines training and experience toward professional growth.

32. (a) Explain Developmental appropriateness and analyse this application: A teacher offers a manageable challenge with flexible support. **5**

(b) Explain Early childhood education and show how this second application fits it: Play-based activities encourage language and exploration.
