Health Promotion and National Programme Activity

Experiment 10 - Practical Notes

Name: _____ Roll no.: _____ Date: _____

Aim

To complete and document the health promotion and national programme activity internship activity.

Principle

Internship objectives include health improvement, prevention, community communication and participation in relevant national health programmes.

Requirements

- Institution-approved rotation plan and clinical service procedures.
- Allocated patient/ward records accessed with permission, activity log and preceptor.

Procedure

1. Select the assigned activity

Record the current authorised programme/activity and intended population.

2. Prepare the message

Use approved current programme material and a simple understandable message.

3. Plan delivery

Agree venue, permissions, language, referral route and accessibility needs.

4. Participate

Document actual education, screening-support or other allocated role without claiming unperformed services.

5. Evaluate

Record reach and an appropriate feedback/process measure, with privacy protected.

Observations and Record

Record item	Entry
Programme / approved activity	_____
Audience and objective	_____
Student role	_____
Activity performed / reach	_____
Feedback / referral / review	_____

Result

Activity / date: ____. Work completed: ____. Preceptor feedback: ____. Follow-up: ____.

Precautions

- Enter only work actually performed; leave supervisor verification and certification fields for the authorised person.
- Use coded cases and protect patient privacy.
- Escalate urgent clinical issues through the treating team and follow the institution-approved responsibilities.

Viva Questions and Answers

1. Why maintain a verified work record?

It documents the activity, competency and feedback required for assessment.

2. What supports a clinical recommendation?

Current patient findings, suitable medicine information and a clear rationale within the approved clinical role.
