

Interprofessional Teamwork and Professional Reflection

Experiment 11 - Practical Notes

Name: _____ Roll no.: _____ Date: _____

Aim

To complete and document the interprofessional teamwork and professional reflection internship activity.

Principle

Professional practice requires clear communication, responsibility, timely work and reflection on feedback.

Requirements

- Institution-approved rotation plan and clinical service procedures.
- Allocated patient/ward records accessed with permission, activity log and preceptor.

Procedure

1. Record a team situation

Choose an actual coded situation involving communication or shared decision-making.

2. Describe the contribution

State the pharmacy role, concern raised and how the team responded.

3. Assess behaviour

Reflect on punctuality, preparation, confidentiality, respect and accountability.

4. Use feedback

Record preceptor feedback and a specific improvement action.

Internship and Residency

5. Review improvement

At a later review, state what changed and what still needs development.

Observations and Record

Record item	Entry
Situation / date	_____
Pharmacy contribution	_____
Team communication	_____
Feedback / reflection	_____
Improvement and later review	_____

Result

Activity / date: _____. Work completed: _____. Preceptor feedback: _____. Follow-up: _____.

Precautions

- Enter only work actually performed; leave supervisor verification and certification fields for the authorised person.
- Use coded cases and protect patient privacy.
- Escalate urgent clinical issues through the treating team and follow the institution-approved responsibilities.

Viva Questions and Answers

1. Why maintain a verified work record?

It documents the activity, competency and feedback required for assessment.

2. What supports a clinical recommendation?

Current patient findings, suitable medicine information and a clear rationale within the approved clinical role.
